Subject: Updating The NI course and logbook details in DPO accounts			
Updating The NI course and logbook details in DPO accounts			
<p>Training Centres are kindly reminded to ensure that all NI course and logbook details are fully updated at the point that courses are successfully completed. This will help avoid the need for NI staff to contact training providers clarifying course records, and also allow DPOs to immediately validate their logbook when applying online.</p> <p>Please also note that Offshore New scheme (or 'Grey') logbook numbers follow the same alphanumeric format (e.g. 20OF0000001), where the third character is a capital 'O' and the remaining noughts are zeros.</p> <p>This will avoid in future the DPO's issue to apply for DP certificate.</p>
